**Introduced by Senator Burton**

February 19, 2004

An act to add Chapter 13.4 (commencing with Section 25980) to Division 20 of the Health and Safety Code, relating to force fed birds.

LEGISLATIVE COUNSEL'S DIGEST

SB 1520, as amended, Burton. Force fed birds.

Existing law authorizes an officer to issue a citation to a person or entity keeping horses or other equine animals for hire if the person or entity fails to meet standards of humane treatment regarding the keeping of horses or other equine animals.

This bill would establish similar provisions regarding force feeding a bird, as defined. The bill would prohibit a person from force feeding a bird for the purpose of enlarging the bird's liver beyond normal size, and would prohibit a person from hiring another person to do so. The bill would also prohibit a product from being sold in the state if it is the result of force feeding a bird for the purpose of enlarging the bird's liver beyond normal size. The bill would authorize an officer to issue a citation for a violation of those provisions in an amount up to \$1,000 per violation per day.

The bill would provide that these prohibitions shall become operative on July 1, 2012.

~~This bill would provide that no civil or criminal cause of action shall arise or pending actions pursued, against any individual who, prior to July 1, 2012, engages in acts prohibited by the bill.~~

*Until July 1, 2012, this bill would prohibit an existing or future civil or criminal cause of action for engaging in an act prohibited by the bill, from proceeding against a person or entity engaged in, or controlled by persons or entities who were engaged in, agricultural practices that involved force feeding birds at the time of the enactment of this bill.*
